Effective May 28, 2001  
(replaces list dated 8/18/97)

Description	Product Number	Sug. List Per Unit
<b>Base-Line</b> <b>RCL - Reactive Cross Linking Fountain Solution</b> <i>RCL is a GATF award winning one step fountain solution. It dramatically decreases the time needed for ink to setup and dry. RCL does not require alcohol or other additives. U.V. and IR dryers increase RCL's effectiveness but are not necessary.</i>		
RCL - 1 Gallon (1/case)	RCL-503	31.75
RCL - 5 Gallon (1/case)	RCL-506	156.41
RCL - 55 Gallon (1/case)	RCL-508	1,492.66
<b>Base-Line</b> <b>Total Release Compound</b> <i>Total Release Compound (TRC) is a unique ink additive that improves the transfer of ink from the printing blanket to the press sheet, which results in more consistent solids with reduced voids, shading and ghosting. TRC also reduces ink tack without affecting ink body or the ink's open time. TRC can be used with oil, soy, rubber, acrylic, laser/thermal, U.V., or metallic inks and in overprint varnish.</i>		
Total Release Compound - 14 oz. Container (12/case)	TRC-0014	33.15
Total Release Compound - 24 oz. Container (6/case)	TRC-0024	44.30
Total Release Compound - 6 lb. Container (1/case)	TRC-0006	153.08
Total Release Compound - 12 lb. Container (1/case)	TRC-0012	260.74
Total Release Compound - 30 lb. Container (1/case)	TRC-0030	522.15
Total Release Compound - 350 lb. Container (1/case) (Call for shipping information please)	TRC-0350	3,826.77
<b>Lithocraft</b> <b>Back Cylinder Ink Preventer</b> <i>Back Cylinder Ink Preventer is a convenient spray-on coating for the back cylinder. It prevents ink from sticking to the press back cylinder and marking sheets. Back Cylinder Ink Preventer discourages future ink build-up, reducing costly press stops.</i>		
Back Cylinder Ink Preventer - 14 oz. Can (6/case) (No air shipments of Back Cylinder Ink Preventer)	BACKC-200415	13.65

All Chemicals (except samples) are sold in case quantities only. Prices listed are per unit, not per case. If you request chemicals in less than case quantities, a charge will be added for each broken case.

Description	Product Number	Sug. List Per Unit
<b>Lithocraft</b> <b>EE Etch</b> <b>(Electrostatic Etch &amp; Fountain Solution)</b> <i>EE Etch is a preparative etch and fountain solution for electrostatic masters that assures consistent, clean running masters, which can increase the plate running life. The EE Etch formula is low-sludging and is concentrated to process more plates per gallon.</i>		
EE Etch - Quart (6/case)	ELECT-901	6.43
EE Etch - Gallon (4/case)	ELECT-903	15.71
EE Etch - 5 Gallon (1/case)	ELECT-906	74.60
EE Etch - 55 Gallon (Call for shipping information please)	ELECT-908	435.77
<b>Lithocraft</b> <b>Formula 86 Fountain Additive</b> <i>Formula 86 is a fountain solution additive for integrated and conventional dampening systems. Formula 86 is uniquely designed to stop emulsification on all offset duplicating presses. It eliminates bleeding, allows for faster drying and sharper printing, and provides a smoother lay of ink.</i>		
Formula 86 - 8 oz. Sample	FORMU-610300T	2.71
Formula 86 - Quart (6/case)	FORMU-610301	5.60
Formula 86 - Gallon (4/case)	FORMU-610303	10.94
<b>Lithocraft</b> <b>Laser FREE Etch/Fountain Solution</b> <i>Laser FREE is a uniquely formulated etch and fountain solution for Base-Line Paper and Polyester Laser Plates as well as silver-based, electrostatic and metal plates. Laser FREE can be used at full strength as an etch or mixed with water as a universal fountain solution.</i>		
Laser FREE - 8 oz. Sample	LASER-14100	3.50
Laser FREE - Quart (6/case)	LASER-1410117	13.90
Laser FREE - Gallon (4/case)	LASER-1410339	53.33
<b>Lithocraft</b> <b>SURE Plate Cleaner</b> <i>SURE Plate Cleaner is an effective deep-cleaner for all printing plates. SURE Plate Cleaner safely desensitizes the non-image area and makes the imaged area more ink receptive. It also prevents oxidation and conditions the plate for storing. SURE Plate Cleaner is also safe to clean all Base-Line Paper and Polyester Laser Plates, and works great for conditioning Base-Line Polyester Plates for storage.</i>		
SURE Plate Cleaner - 4 oz. Sample	SUREP-220700	0.77
SURE Plate Cleaner - Quart (6/case)	SUREP-220701	6.23
SURE Plate Cleaner - Gallon (4/case)	SUREP-220703	22.89

**All Chemicals (except samples) are sold in case quantities only. Prices listed are per unit, not per case. If you request chemicals in less than case quantities, a charge will be added for each broken case.**

<b>Mr. Murphy's Farlux Gel</b> <i>Farlux Gel is a patented ink drying activator that prevents set-off. A special formula in Farlux Gel accelerates drying of ink by setting up the ink from the bottom up and top down. Farlux Gel works on any porous paper stock and with oil, rubber, soy, acrylic, laser/thermal or metallic inks, and in overprint varnish. Farlux Gel will not reduce the "open time" of ink.</i>		
Farlux Gel - .2 oz. Sample	FARLU-1001-FG	1.00
Farlux Gel - 8 oz. Bottle (6/case)	FARLU-1008-FG	12.72
Farlux Gel - 16 oz. Bottle (6/case)	FARLU-1016-FG	24.22
<b>Mr. Murphy's Magic!</b> <i>Magic! is a cleaner and conditioner for all silver-based photo direct or laser image plates and can be used on 3M Onyx® SilverMaster®, ITEK Megalith® and Agfa Supermaster® plates. Magic! gives you longer, cleaner runs of black and colored inks during hot or cold weather. Magic! allows you to print sharper lines and halftones, and eliminates toning and scumming.</i>		
Magic! - Pint (6/case)	MAGIC-221059	6.12
Magic! - Gallon (4/case)	MAGIC-221103	40.83
<b>Mr. Murphy's Maticlean</b> <i>Maticlean is a cleaner and conditioner for the metering roller in continuous dampening systems. Maticlean quickly removes ink buildup and any other oily matter. Maticlean is a unique formula that coats the roller surface to make it more water receptive, a must for any alcohol dampening system. Maticlean dries quickly for a fast start-up, and can be used on chrome, rubber, nylon and ceramic metering rollers.</i>		
Maticlean - 8 oz. Sample	MATIC-222610	2.86
Maticlean - Quart (6/case)	MATIC-222611	7.75
Maticlean - Gallon (4/case)	MATIC-222613	28.79
<b>Mr. Murphy's Tuffy Blanket Rebuilder</b> <i>Tuffy Blanket Rebuilder is a blanket rebuilder that restores battered rubber blanket surfaces to their original condition. Fast and efficient, it brings the surface back to its original height and texture.</i>		
Tuffy Blanket Rebuilder - 4 oz. Bottle (12/case)	BLANK-219003	7.42

**All Chemicals (except samples) are sold in case quantities only. Prices listed are per unit, not per case. If you request chemicals in less than case quantities, a charge will be added for each broken case.**
