

## Laser Direct™ - Polyester Laser Plates

Laser Direct polyester laser plates provide first generation print quality and are ideal for short-runs and spot-color printing. Laser Direct polyester laser plates are imaged directly on a high-resolution, dry toner laser printer or copier and then etched and run with Base-Line Laser Direct Etch and Fountain solution. Laser Direct plates do not require any additional processing. The plate's unique coating offers enhanced surface conductivity and improved handling properties to provide fast turnaround and excellent quality. The polyester base has minimal stretch and features an anti-static coating. Laser Direct polyester laser plates offer 10,000 or more impressions and screens of 120 LPI or better.

Description	Plates Per Pkg	Product Number	Weight Per Pkg (Lbs.)	Suggested List
8 5/8 X 12	100	LASER-30000-100	3	\$62.06
8 5/8 X 12	25	LASER-30000-25	2	\$16.94
8 5/8 X 14	100	LASER-30005-100	4	\$72.40
8 5/8 X 14	25	LASER-30005-25	2	\$19.77
10 X 15	100	LASER-30010-100	4	\$89.94
10 X 15	25	LASER-30010-25	2	\$24.56
10 X 15 1/2	100	LASER-30015-100	4	\$92.94
10 X 15 1/2	25	LASER-30015-25	2	\$25.38
11 X 18	100	LASER-30020-100	5	\$118.72
